<tbody>
<tr>
<td>People take useful parts of the toilets and it becomes difficult for the users to properly use the toilets</td>
<td>People to buy toilet paper and stop using newspaper. Municipality to employ cleaners. One person must be responsible for cleaning the toilets. Training and education to make people aware of how to keep the toilets clean and unblocked. Posters on proper toilet use should be pasted on walls of toilets. More toilets to be provided. Each household must have their own toilet. If toilets to be locked, more keys must be made available.</td>
<td>The contractor must keep the toilets clean. Training and education must be provided by the municipality to explain to people how to keep the toilets clean and unblocked. Municipality must provide more toilets. Toilets must be close to houses for easy access.</td>
<td>Users to stop using newspaper. Municipality to provide maintenance to fix toilets. Chemicals must be supplied to clean up toilets. Community risk monitors to check the toilets everyday.</td>
<td>The contractor must keep the toilets clean. Municipality must employ plumbers to repair the toilets. Monitors should be employed.</td>
<td>Monitors to be employed to monitor the cleaning done by contractor. People need to be educated on how to use the toilets properly.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>The contractor must keep the toilets clean. Training and education must be provided by the municipality to explain to people how to keep the toilets clean and unblocked. Municipality must provide more toilets. Toilets must be close to houses for easy access. Municipality must provide the emergency level of sanitation as promised.</td>
<td>The municipality should provide training and education to make people aware of how to keep the toilets clean and unblocked.</td>
<td>The municipality should provide more toilets. The Pour-flush system to be changed.</td>
<td>The municipality should provide more toilets. The policy of providing 1 toilet per 5 households.</td>
