ets clean	20b) Who cleans?		Fears and concerns	Suggestions for improvements
	Contractor	none Other		
No				
		1	Concerned about blocked toilets and that it takes a long time to fix them	Govt to fix area and install sewerage pipes
1		1	easy to viruses and get diaarhea	Each household to have toilet not to share with two families
		1		To ensure that the toilets are cleaned and taken care of
		1	Scared of getting diseases from dirty toilets	Because Cape Town have lot of people so its better to give four people in one toilet
1		1	Scared of getting diseases from dirty toilets	To stop sharing toilets with neighbours, each family to have own flush toilets
1		1	Scared of getting diseases from dirty toilets	Each family to be given own toilet
		1	Scared of getting diseases from dirty toilets	TRC to be educated & taken to a better place so could live a better life
		1	Scared of getting diseases	Buckets must be emptied twice weekly
1		1		Gvt to employ people to clean public toilets
			Scared of contracting diseases	To change bucket system to flush system
		1	Kid/Toddlers try to use the toilets on their own fall inside the bucket	Buckets system must be change to flush system
			Yes scared because people leave dirty toilets	I think people must not shared the toilets with other families
			Tell them that the flies from the bucket come to the house	Even if bucket system is used, person to have own house, if not possible bucket to emptied at least twice a week
			Yes , people are in risk of getting sick	In the section where there are toilets, should be kept clean, the toilets that are licked to be opened for use by government
